Date : 08 Jan 2016

PRODUCT OBSOLESCENCE NOTICE

Effective immediately, BI Technologies is announcing the end of life of the following product series due to low demand:

HM17	Radial lead inductors
HM70	High power shielded low profile surface mount inductors
HM56	High current low loss ferrite cube inductors
HM54	High current toroidal inductors

The last day to order all affected products is **30 June 2016**.

For more information, please contact your local BI Technologies sales representatives or distributors servicing your company.

We truly appreciate your understanding in this matter.

Yours sincerely,

Marcos Hsiao

Global Product Line Director, Magnetics
TT Electronics
